

Nolco-Pack

Light and robust top cover and interlayer

Nolco-Pack is square cut and serves as a top cover, interlayer, and edge protection for large rolls or cylindrical products stored and transported upright. The core of the product is four soft wood fiber panels, which combined form a square and are laminated on both sides. Nolco-Pack can be bent easily around the coil edge at the corners, adapts to the shape of the packed material, and creates no protrusions.

Advantages

- “ protection against impact, shock, vibration, and high stacking loads
- “ no additional protection board between coil and top cover required
- “ low material consumption, since it is flexibly adaptable
- “ soft, flexible design
- “ constant mechanical properties even when climate changes and exposed to UV radiation
- “ PE-coated outside liner protects against weather influences
- “ reusable
- “ can be sealed and fastened with simple materials
- “ only one dimension for different coil diameters
- “ homogeneous material, no hazard from splinters, safely fastened without staples and nails
- “ no additional treatment against pests necessary
- “ environmentally friendly, produced from wood residues

Application

- “ cover and liner for all types of coils and other cylindrical products
- “ suitable as a substitute for wooden tops

Delivery forms

- “ material thickness: 10 mm
- “ 3 standard dimensions:
 - 1,000 x 1,000 mm, 100 pieces/pallet (15 grooves for diameters 758–992 mm)
 - 1,200 x 1,200 mm, 100 pieces/pallet (15 grooves for diameters 898–1,132 mm)
 - 1,900 x 1,900 mm, 50 pieces/pallet (15 grooves for diameters 1,398–1,632 mm)
- “ outside liner: Kraft paper with PE coating and PP-fabric reinforcement, brown
- “ inside liner: Kraft paper with PE coating, oil-repellent
- “ pallet height: 120 cm gross

Technical specification

- “ material weight: 3.25 kg/m²
- “ odour: neutral/woody
- “ storage: -10 to 80 °C
- “ humidity: no influence when stored under roof
- “ ignition temperature: 300 °C
- “ necessary precautions: none
- “ not a health hazard, no hazard from contact with skin or inhalation
- “ disposal by landfill or incineration

Options

- “ also available without inside liner
- “ individually customized (square dimensions of min. 800 x 800 mm to max. 1,950 x 1,950 mm are possible)

Depending on the quantity, Nolco-Pack is available with individualized color or printing on the outside liner.
